# Oluborode Onaopemipo

I am an experienced IT engineer skilled in Technical Support, Web Development and Cloud Computing. I always aspire to get better at what I do, and I am constantly looking for opportunities to develop and master my skills.

I am currently developing [thecontentplace.org](https://thecontentplace.org) and [vuga.org](https://vuga.org). Also, I have been able to successfully complete some personal projects, and I have their videos attached to my LinkedIn featured section.
